🎯 Objective

I have worked in the dental field for 7 years and I look forward to developing and enhancing my skills and scientific and practical experience in health institutions to provide the highest levels of health care to patients.

📖 Education

Karary university

Bachelor of Dental Medicine and Surgery.
Second Class Honors - Second Division

2018

👜 Experience

Lamis Medical Company Ltd.

Medical Sales Representative

13/1/2019 - 5/1/2020

The nature of the business was to display and distribute medical products professionally to complexes and clinics - materials of higher quality and reasonable price compared to other companies.

Al-Fadel Farouk Center for One-Day Surgery

General dentist

10/1/2020 - 15/1/2021

The focus of my work with Professor Fadel Farouk was on diagnosing and treating children with special needs, including multiple tooth extractions and crowns, using general anesthesia or nitrous oxide. We also diagnose, treat, and follow up on orthodontic and dental implant cases. We also give lectures to educate and guide people on maintaining excellent oral health.

Sudanese Federal Ministry of Health: Internship.

General dentist

1/6/2021 - 30/5/2022

I trained in several well-known health institutions in Sudan, including Ibrahim Malik Teaching Hospital, Haj Al Safi Hospital, Academic Hospital, Oral Health Department, and Karari University. I worked in the following departments: Gum Treatment and Dental Hygiene, Oral and Maxillofacial Surgery, Fixed and Removable Dentures, Pediatric Dentistry, and Oral Health.

Al-Itqan Medical Complex .

General dentist

1/8/2022 - 1/8/2025

.. I work evening shifts, two days a week. I offer one-session root canal treatment for children, fissure sealant and fluoride application, stainless steel crowns, surgical extractions, simple extractions, teeth whitening, and many other healthcare services, medical consultations, and treatment of chronic diseases. I also offer computer and digital x-ray services, as well as many other modern devices.

Karary university

Teaching Assistant

3/7/2022 - 3/7/2023

I trained 34 dental students and 4 dental assistants. The training focused on infection control, prevention, conservative treatment, fixed prosthodontics, and complex root canal treatment, as well as direct and indirect pulp capping. worked 3 days a week morning shift.

Al-Saqay Rural Hospital .
General dentist

1/8/2022 - 30/1/2024

I worked to provide basic dental care and raise public awareness of the importance of maintaining oral and dental health. I worked two evenings a week.
