SUMMARY

Accredited general dentist graduated from Majmaah University, College of Dentistry, with excellent grades and second-class honors. I possess a robust background in providing high-quality dental care and am proficient in all dental specialties. I am skilled in endodontics, prosthodontics, oral surgery, restorative, and cosmetic procedures. Additionally, I have experience treating pediatric, handicapped, and medically compromised patients. I am committed to maintaining high patient satisfaction scores and contributing to clinic growth by staying updated with the latest dental technologies and treatments.
