

# QASIM ALI

Dental Assistant | SCFHS Profile No. 25790205 | DHA License No: 66312987

## PROFILE

Dedicated and skilled Dental Assistant with experience in providing exceptional support to dental professionals in various clinical settings. Proficient in assisting with dental procedures, managing patient records, and maintaining a sterile and organized environment. Strong background in dental technology and patient care, with a solid understanding of infection control protocols. Committed to delivering high-quality care while ensuring patient comfort and safety. Adept at working collaboratively in fast-paced environments and providing excellent service to both patients and dental teams.

## WORK EXPERIENCE

**Dental Assistant | 24-05-2021 – 20-06-2024**

**Specialist Dental Clinic, Ali Khan Medical Hospital | Mardan, Pakistan**

- Assisted dentists during examinations, surgeries, and other dental procedures by preparing instruments and sterilizing dental tools.
- Managed patient records and updated dental charts, ensuring accurate documentation of treatments and patient histories.
- Guided patients on pre-procedure instructions and post-procedure care, ensuring their understanding and comfort.
- Assisted in taking X-rays, developing them, and preparing for diagnostic review.
- Maintained clinic cleanliness and adhered to infection control protocols to ensure a safe and hygienic environment for both patients and staff.

## STRENGTHS & CAPABILITIES

- Strong Communication Skills – Effectively interacts with patients and dental teams.
- Detail-Oriented – Ensures precision in patient records and procedures.
- Time Management – Manages multiple tasks efficiently in fast-paced environments.
- Technical Proficiency – Skilled in dental technology and equipment handling.
- Patient-Centered Care – Prioritizes patient comfort and clear communication.
- Team Collaboration – Works well with dentists, staff, and patients.
- Adaptability – Quickly adjusts to new technologies and techniques.
- Problem Solving – Identifies and resolves issues proactively and efficiently.
- Infection Control Knowledge – Adheres strictly to safety and hygiene protocols.
- Confidentiality – Maintains patient privacy and ensures secure documentation.
