19/12/1999

Motivated general dentist with a strong clinical background and hands-on experience in prosthodontic and restorative procedures. Adept at delivering patient-centered care within fast-paced multidisciplinary settings. Currently seeking to deepen clinical expertise and academic knowledge through the MClinDent in Fixed and Removable Prosthodontics at King's College London. Committed to integrating evidence-based approaches into advanced prosthodontic care and aspiring to contribute to the development of best practices in restorative dentistry.
