CEO WORD

In our belief in the value and importance of our nation and its resources, we take pride in establishing **Al-Ashghal Al-Maysarah Trading Company** (a joint-stock company) as a Saudi company operating in the fields of contracting, facility management, and logistic services. The company's vision is to add a promising and futuristic dimension, surpassing the traditional concept of companies. We work towards enhancing the value of work, workers, and resources based on the concept of lean management.

Al-Ashghal Al-Maysarah Company, under its executive leadership and distinguished team, aspires to be one of the leading companies in its fields. With full confidence and belief in the minds of our youth, we aim to create an advanced environment to achieve the **Kingdom's vision for 2030**.

Dr. Abdulaziz Subhi Al-Juweir

ABOUT US

Al-Ashghal Al-Maysarah Company has drawn its ambitious shared company from the efficiency and technical and administrative strength of young and ambitious hands that resolved on that evening of 2014 to move forward in the field of construction, maintenance, cleanliness, operation, and logistic services, including refrigerated and dry transport, according to approved technical standards in various fields. These hands believe that the country relies on the shoulders of its sons and that the value of a person lies in what he improves. This outcome went through stages of establishment as an individual institution, then growth to transform into a limited liability company operating according to agreed-upon technical standards. The company has focused on accumulating its experiences and developing its work to be at the forefront of major companies, in line with the urban renaissance witnessed by our beloved country for decades and in our participation in implementing the Vision 2030 given to achieve performance indicators.

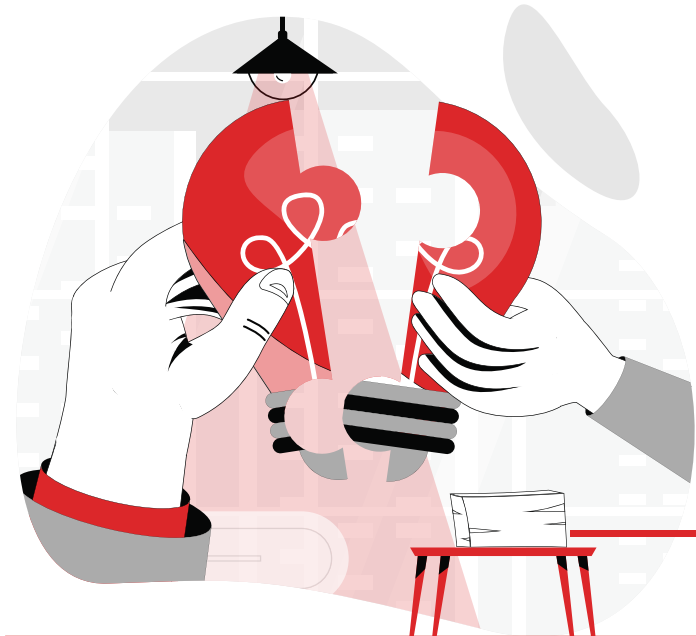

OUR VISION

A leading company in the field of logistics services, facility management, and maintenance locally and globally.

OUR MISSION

A leading company in the field of logistics services, facility management, and maintenance locally and globally.
