## ABOUT ME

Board-Certified Orthodontist experienced in treating a variety of cases using braces, clear aligners, and surgical intervention, seeking a full-time position to further develop my skills in a high-quality practice with a positive work environment.

## WORK EXPERIENCE

**Orthodontist, Georgia School of Orthodontics, Atlanta, USA**

Aug 2021 - Aug 2024

- Diagnosed various malocclusions and created customized treatment plans based on clinical exams and imaging.
- Applied and adjusted traditional braces, including archwires and brackets.
- Managed clear aligner treatment, including planning, monitoring, and adjusting aligner progression.
- Treated pediatric patients with functional appliances to correct skeletal discrepancies and guide growth.
- Collaboration with multidisciplinary team to provide comprehensive care for complex orthodontic cases.
- Educated patients on treatment, oral hygiene, and care instructions, ensuring all concerns were addressed comprehensively.
- Engaged in ongoing education to stay current with new orthodontic techniques and technologies.

**General Dentist, Private Practice, Industrial Jubail**

Jul 2016 - Jul 2017

· Performed restorative treatments (fillings, crowns, bridges) · Conducted root canal treatments · Extracted teeth (simple and surgical extractions) · Assessed patients and developed treatment plans · Provided emergency dental care · Educated patients on oral hygiene and preventive care · Collaborated with the dental team for patient care and practice management.

**Dental Intern, King Abdulaziz University, Jeddah**

Jul 2014 - Jun 2015
