PROFESSIONAL SUMMARY

Dedicated and **SCFHS-Classified General Dentist** with **nearly 6 years of experience** providing comprehensive dental care in a high-volume military hospital setting. Proven expertise in **Restorative Dentistry, Endodontic procedures, Minor Oral Surgery** (extractions), **Periodontal Treatment**, and **Fixed/Removable Prosthodontics**. Committed to patient education and delivering a positive treatment experience.

CLINICAL EXPERIENCE

General Dentist

Military Dental Hospital / Khartoum, Sudan

07/2017 – 02/2023 (5 years and 7 months)

- **Periodontal Treatment:** Performed comprehensive non-surgical periodontal therapy, including scaling and root planing (SRP), and treatment of gingivitis and chronic periodontitis.
- **Restorative & Endodontics:** Successfully performed numerous restorative procedures, including fillings, post & core, crowns, and routine Root Canal Treatments (RCTs).
- **Minor Oral Surgery:** Regularly executed both simple and complex surgical extractions, along with managing abscesses and space infections.
- **Trauma & Emergency Care:** Managed urgent dental and maxillofacial trauma cases, treating emergency patients to repair tooth injuries and fractured facial bones.
- **Prosthodontics:** Provided full prosthetic services, designing and delivering fixed and removable dental appliances (dentures, bridges).
- **Diagnosis & Treatment Planning:** Conducted thorough examinations, reviewed X-rays to identify abnormalities, and developed comprehensive treatment plans for diverse oral diseases and injuries.
- **Advanced Surgical Assistance:** Assisted in multiple major surgical procedures, including cleft lip repair, tumor removal, and facial bone reconstruction.
- **Public Health & Training:** Participated in community dental health programs to raise awareness and trained junior dental staff on dental hygiene and infection control.
